Document Control No.	AMIU-ACAH-001
Version	1.0 (First Edition)
Effective Date	1 January 2028
Classification	Public — All Stakeholders
Contains	Policies ACA-001 through ACA-019 (Academic Handbook, 19 of 108 University documents)
Companion Volumes	Constitution (AMIU-CON-001); Strategic Implementation Blueprint 2028–2050 (AMIU-SB-002); Institutional Governance Compendium (AMIU-IGC-004); Student Policies Handbook (AMIU-STUH-001); Operations Handbook (AMIU-OPSH-001); Legal & Compliance Handbook (AMIU- LEGH-001); Marketing & Communications Handbook (AMIU- MKTH-001)

This Academic Handbook operationalizes the academic governance the Constitution establishes and the document registry the Institutional Governance Compendium tracks. Where any provision of this Handbook conflicts with the Constitution, the Constitution governs; where any provision conflicts with the Compendium’s Responsibility Assignment Matrix, this Handbook governs for the substantive content of the policy itself.

Typesetting and Publication Design: this Handbook is set in the same three-role editorial system as the University’s Constitution, Strategic Implementation Blueprint, and Institutional Governance Compendium — Fraunces display, Source Serif 4 reading, Archivo structural — so that every AMIU governing and planning publication reads as one institutional family, produced under one publication standard.

Academic Declaration

Presented for approval by the University Senate

This Academic Handbook contains the full text of the nineteen academic policies (ACA-001 through ACA-019) identified in the Institutional Governance Compendium's Academic Handbook registry (Section 18.2, AMIU-IGC-004). Each policy is presented in full, in the format a Board of Trustees, legal counsel, and an accreditation body would expect: purpose, scope, definitions, binding policy statement, procedural detail, enforcement, and cross-references to related governance documents.

Where the Constitution (AMIU-CON-001) sets the University's supreme legal architecture and the Institutional Governance Compendium (AMIU-IGC-004) tracks which policies exist and who is accountable for them, this Handbook is where the substance of academic governance actually lives: the credit-hour definition, the academic integrity sanctions schedule, the curriculum approval workflow, and every other rule a student, instructor, or administrator must actually follow.
