Document Control No.	AMIU-OPSH-001
Version	1.0 (First Edition)
Effective Date	1 January 2028
Classification	Public — All Stakeholders
Contains	Policies OPS-001 through OPS-027 (Operations Handbook, 27 of 108 University documents)
Companion Volumes	Constitution (AMIU-CON-001); Strategic Implementation Blueprint 2028–2050 (AMIU-SB-002); Institutional Governance Compendium (AMIU-IGC-004); Academic Handbook (AMIU-ACAH-001); Student Policies Handbook (AMIU-STUH-001); Legal & Compliance Handbook (AMIU- LEGH-001); Marketing & Communications Handbook (AMIU- MKTH-001)

This Operations Handbook operationalizes the financial, administrative, and operational governance the Constitution establishes and the document registry the Institutional Governance Compendium tracks. Where any provision of this Handbook conflicts with the Constitution, the Constitution governs; where any provision conflicts with the Compendium's Responsibility Assignment Matrix, this Handbook governs for the substantive content of the policy itself.

Typesetting and Publication Design: this Handbook is set in the same three-role editorial system as the University's Constitution, Strategic Implementation Blueprint, Institutional Governance Compendium, Academic Handbook, and Student Policies Handbook — Fraunces display, Source Serif 4 reading, Archivo structural — so that every AMIU governing and planning publication reads as one institutional family, produced under one publication standard.

Operations Policies Declaration

Presented for approval by the Board of Trustees

This Operations Handbook contains the full text of the twenty-seven operations policies (OPS-001 through OPS-027) identified in the Institutional Governance Compendium's Operations Policies registry (Section 18.4, AMIU-IGC-004). Each policy is presented in full, in the format a Board of Trustees, legal counsel, and an accreditation body would expect: purpose, scope, definitions, binding policy statement, procedural detail, enforcement, and cross-references to related governance documents.

Where the Constitution (AMIU-CON-001) sets the University's supreme legal architecture and the Institutional Governance Compendium (AMIU-IGC-004) tracks which policies exist and who is accountable for them, this Handbook is where the substance of University operations actually lives: the financial model and its controls, human resources and compensation, information technology and data security, facilities and emergency response, and the online-delivery infrastructure that carries every course to every student.

Approval authority for individual policies in this Handbook follows the Constitution's separation between academic and non-academic governance (Article 9, Section 9.1): the Board of Trustees and the Deputy Vice-Chancellor, Administration & Finance approve financial, human-resources, and facilities policies; department directors approve policies within their own technical domain; and the University Senate and Deputy Vice-Chancellor, Academic Affairs approve the small number of policies that govern faculty pedagogical conduct.

Publication Certification Statement

This Operations Handbook is certified by the AMIU Office of Institutional Planning as the authoritative and current statement of the twenty-seven operations policies it contains, effective as of the date shown on the Document Control page. It supersedes all prior drafts and non-final versions.

Every policy's citations to the Constitution and cross-references to other University documents are checked against the Constitution's actual Article and Section headings and the Institutional Governance Compendium's Doc Code registry, so every citation in this Handbook resolves to the provision or document it names. Approval authority is assigned by subject matter rather than by a single blanket approver, consistent with the Constitution's separation of academic authority (the University Senate) from financial and operational authority (the Board of Trustees and Administration).

A reader who identifies an issue is asked to report it to info@edu.amiu.com for consideration in the next revision.
