Document Control No.	AMIU-MKTH-001
Version	1.0 (First Edition)
Effective Date	1 January 2028
Classification	Public — All Stakeholders
Contains	Policies MKT-001 through MKT-007 (Marketing & Communications Handbook, 7 of 108 University documents)
Companion Volumes	Constitution (AMIU-CON-001); Strategic Implementation Blueprint 2028–2050 (AMIU-SB-002); Institutional Governance Compendium (AMIU-IGC-004); Academic Handbook (AMIU-ACAH-001); Student Policies Handbook (AMIU-STUH-001); Operations Handbook (AMIU-OPSH-001); Legal & Compliance Handbook (AMIU-LEGH-001); Waqf & Research Handbook (AMIU-WAQH-001)

This Marketing & Communications Handbook operationalizes the brand, web, media, and crisis-communications governance the Constitution establishes and the document registry the Institutional Governance Compendium tracks. Where any provision of this Handbook conflicts with the Constitution, the Constitution governs; where any provision conflicts with the Compendium's Responsibility Assignment Matrix, this Handbook governs for the substantive content of the policy itself.

Typesetting and Publication Design: this Handbook is set in the same three-role editorial system as the University's Constitution, Strategic Implementation Blueprint, Institutional Governance Compendium, Academic Handbook, Student Policies Handbook, Operations Handbook, and Le-

gal & Compliance Handbook — Fraunces display, Source Serif 4 reading, Archivo structural — so that every AMIU governing and planning publication reads as one institutional family, produced under one publication standard.

Marketing & Communications Policies Declaration

*Presented for approval by the Deputy Vice-Chancellor,
Administration & Finance*

This Marketing & Communications Handbook contains the full text of the seven marketing and communications policies (MKT-001 through MKT-007) identified in the Institutional Governance Compendium's Marketing & Communications Policies registry (Section 18.6, AMIU-IGC-004). Each policy is presented in full, in the format a Board of Trustees, legal counsel, and an accreditation body would expect: purpose, scope, definitions, binding policy statement, procedural detail, enforcement, and cross-references to related governance documents.

Where the Constitution (AMIU-CON-001) sets the University's supreme legal architecture and the Institutional Governance Compendium (AMIU-IGC-004) tracks which policies exist and who is accountable for them, this Handbook is where the University's public voice is actually governed: brand identity and its protection, the website's structure and content review cycle, the content-creation and approval workflow, social media and media relations, and the crisis communications protocol that activates when any of the above goes wrong.

Approval authority for individual policies in this Handbook follows the Constitution's separation between academic and non-academic governance (Article 9, Section 9.1): the two narrowest, routine content-workflow policies (Website Content Plan, Content Creation Policy) are approved directly by the Director, Communications, while the five institution-wide, reputationally- and financially-consequential policies (Brand Style Guide, Social Media Policy, Media Relations Policy, Crisis Communications Plan, Marketing Plan) are approved by the Deputy Vice-Chancellor, Administration & Finance.

Publication Certification Statement

This Marketing & Communications Handbook is certified by the AMIU Office of Institutional Planning as the authoritative and current statement of the seven marketing and communications policies it contains, effective as of the date shown on the Document Control page. It supersedes all prior drafts and non-final versions.

Every policy's citations to the Constitution and cross-references to other University documents are checked against the Constitution's actual Article and Section headings and the Institutional Governance Compendium's Doc Code registry, so every citation in this Handbook resolves to the provision or document it names. Approval authority is assigned by scope rather than by a single blanket approver: routine content-workflow policies are approved by the Director, Communications directly, while policies carrying institution-wide reputational or financial consequence are approved by the Deputy Vice-Chancellor, Administration & Finance, consistent with the Constitution's separation of academic authority (the University Senate) from financial and operational authority (the Board of Trustees and Administration).

A reader who identifies an issue is asked to report it to info@edu.amiu.com for consideration in the next revision.
