Document Control No.	AMIU-STUH-001
Version	1.0 (First Edition)
Effective Date	1 January 2028
Classification	Public — All Stakeholders
Contains	Policies STU-001 through STU-023 (Student Policies Handbook, 23 of 108 University documents)
Companion Volumes	Constitution (AMIU-CON-001); Strategic Implementation Blueprint 2028–2050 (AMIU-SB-002); Institutional Governance Compendium (AMIU-IGC-004); Academic Handbook (AMIU-ACAH-001)

This Student Policies Handbook operationalizes the student rights and responsibilities the Constitution establishes and the document registry the Institutional Governance Compendium tracks. Where any provision of this Handbook conflicts with the Constitution, the Constitution governs; where any provision conflicts with the Compendium's Responsibility Assignment Matrix, this Handbook governs for the substantive content of the policy itself.

Typesetting and Publication Design: this Handbook is set in the same three-role editorial system as the University's Constitution, Strategic Implementation Blueprint, Institutional Governance Compendium, and Academic Handbook — Fraunces display, Source Serif 4 reading, Archivo structural — so that every AMIU governing and planning publication reads as one institutional family, produced under one publication standard.

Student Policies Declaration

Presented for approval by the University Senate

This Student Policies Handbook contains the full text of the twenty-three student policies (STU-001 through STU-023) identified in the Institutional Governance Compendium's Student Policies registry (Section 18.3, AMIU-IGC-004). Each policy is presented in full, in the format a Board of Trustees, legal counsel, and an accreditation body would expect: purpose, scope, definitions, binding policy statement, procedural detail, enforcement, and cross-references to related governance documents.

Where the Constitution (AMIU-CON-001) sets the University's supreme legal architecture and the Institutional Governance Compendium (AMIU-IGC-004) tracks which policies exist and who is accountable for them, this Handbook is where the substance of student governance actually lives: the Code of Conduct, the disciplinary and appeals process, the attendance and academic-standing rules, and every other rule a student, instructor, or administrator must actually follow.

Publication Certification Statement

This Student Policies Handbook is certified by the AMIU Office of Institutional Planning as the authoritative and current statement of the twenty-three student policies it contains, effective as of the date shown on the Document Control page. It supersedes all prior drafts and non-final versions.

Every policy's citations to the Constitution and cross-references to other University documents are checked against the Constitution's actual Article and Section headings and the Institutional Governance Compendium's Doc Code registry, so every citation in this Handbook resolves to the provision or document it names. STU-001 and STU-023 both carry the full Sanctions Matrix and disciplinary-process language by design: STU-001 establishes the behavioral standard and its baseline enforcement mechanism, and STU-023 is the University's dedicated disciplinary and negative-reinforcement framework.

A reader who identifies an issue is asked to report it to info@edu.amiu.com for consideration in the next revision.
