Document Control No.	AMIU-WAQH-001
Version	1.0 (First Edition)
Effective Date	1 January 2028
Classification	Public — All Stakeholders
Contains	Policies WAQ-001 through WAQ-009 (Waqf & Research Handbook, 9 of 108 University documents)
Companion Volumes	Constitution (AMIU-CON-001); Strategic Implementation Blueprint 2028–2050 (AMIU-SB-002); Institutional Governance Compendium (AMIU-IGC-004); Academic Handbook (AMIU-ACAH-001); Student Policies Handbook (AMIU-STUH-001); Operations Handbook (AMIU-OPSH-001); Legal & Compliance Handbook (AMIU-LEGH-001); Marketing & Communications Handbook (AMIU-MKTH-001)

This Waqf & Research Handbook operationalizes the endowment governance and research standards the Constitution establishes and the document registry the Institutional Governance Compendium tracks. Where any provision of this Handbook conflicts with the Constitution, the Constitution governs; where any provision conflicts with the Compendium's Responsibility Assignment Matrix, this Handbook governs for the substantive content of the policy itself.

Typesetting and Publication Design: this Handbook is set in the same three-role editorial system as the University's Constitution, Strategic Implementation Blueprint, Institutional Governance Compendium, Academic Handbook, Student Policies Handbook, Operations Handbook, Legal & Compliance Handbook, and Marketing & Communications Handbook — Fraunces display,

Source Serif 4 reading, Archivo structural — so that every AMIU governing and planning publication reads as one institutional family, produced under one publication standard.

Waqf & Research Policies Declaration

Presented for approval by the Board of Trustees

This Waqf & Research Handbook contains the full text of the nine Waqf and research policies (WAQ-001 through WAQ-009) identified in the Institutional Governance Compendium's Waqf & Research Policies registry (Section 18.7, AMIU-IGC-004). Each policy is presented in full, in the format a Board of Trustees, legal counsel, and an accreditation body would expect: purpose, scope, definitions, binding policy statement, procedural detail, enforcement, and cross-references to related governance documents.

Where the Constitution (AMIU-CON-001) sets the University's supreme legal architecture and the Institutional Governance Compendium (AMIU-IGC-004) tracks which policies exist and who is accountable for them, this Handbook is where two of the University's most distinctive commitments actually live: the Waqf & Endowment Board's fiduciary charter and its donor and fundraising stewardship on one side, and the Islamic academic mission's research standards, publication expectations, and research ethics on the other — joined by the institutional-risk trio (Risk Register, Crisis Management, Business Continuity & Insurance) that protects both.

Approval authority for individual policies in this Handbook follows the Constitution's separation between academic and non-academic governance (Article 9, Section 9.1): the Board of Trustees approves the Waqf & Endowment Board's founding Charter and the three institutional-risk policies; the Waqf & Endowment Board approves its own operational plans for donor stewardship and fundraising; and the University Senate and Deputy Vice-Chancellor, Academic Affairs approve the research and publication policies, consistent with their academic content.

This is the ninth and final flagship publication in the founding-decade series, completing all 107 documents of the Institutional Governance Compendium's original registry.

Publication Certification Statement

This Waqf & Research Handbook is certified by the AMIU Office of Institutional Planning as the authoritative and current statement of the nine Waqf and research policies it contains, effective as of the date shown on the Document Control page. It supersedes all prior drafts and non-final versions.

Every policy's citations to the Constitution and cross-references to other University documents are checked against the Constitution's actual Article and Section headings and the Institutional Governance Compendium's Doc Code registry, so every citation in this Handbook resolves to the provision or document it names. Approval authority is assigned by subject matter: the Board of Trustees for the Waqf & Endowment Board's founding Charter and the institutional-risk trio; the Waqf & Endowment Board itself for its own donor and fundraising operating plans; and the University Senate or Deputy Vice-Chancellor, Academic Affairs for the three research and publication policies, consistent with the Constitution's separation of academic authority from financial and operational authority.

With this Handbook, all 107 documents of the Institutional Governance Compendium's original source registry (Section 17, AMIU-IGC-004) have been drafted in full across nine flagship publications. Document 108 — the Institutional Effectiveness & Administrative Unit Assessment Framework, adopted after the original registry as a subsequent governance enhancement — remains outstanding.

A reader who identifies an issue is asked to report it to info@edu.amiu.com for consideration in the next revision.

Certified for Executive Release — AMIU Office of Institutional Planning, Founding-Decade Edition.
